## Spartan

### Spartan Clothesline Fresh Laundry Break #1

Clothesline Fresh Laundry Break is a concentrated laundry builder that prepares the fabric for the washing process by raising the pH of the wash water. Raising the pH of the wash water accelerates the washing process by allowing individual fibers of a fabric to open up and begin releasing entrapped soil particles. A highly alkaline product that contains biodegradable water softening agents to aid in the washing process as well as boost detergent performance. Has a corrosion inhibitor built in, so there is no need to worry about equipment corroding when using this alkaline product. Also acts as an iron scavenger which will reduce low levels of iron in your wash.

### Spartan Clothesline Fresh BLD #2

The elevated pH of Clothesline Fresh BLD speeds up soil removal during washing by allowing the individual fibers of a fabric to open up which expedites entrapped soil release. A highly alkaline product that also contains water softening and soil anti-redeposition agents to aid in the washing process. Has a corrosion inhibitor built in, so there is no need to worry about equipment corroding when using this alkaline product. Also acts as an iron scavenger which will reduce low levels of iron in your wash. This product was formulated to contain new advances in chemical surfactants and cleaning technology to provide a deep cleaning formula. Liquid laundry detergent and laundry builder all-in-one. pH level: 9.0.

### Spartan Clothesline Fresh Laundry Detergent #3

Clothesline Fresh Laundry Detergent is a contemporary approach to laundry. Clothesline Fresh Laundry Detergent can be used with a complete laundry program or on its own. This product was formulated to contain new advances in chemical surfactants and cleaning technology to provide a deep cleaning formula. Clothesline Fresh Laundry Detergent is enhanced by patented polymeric technology. This technology quickly suspends tough oily and particulate soils to prevent them from redepositing back onto the fabric.

### Spartan Clothesline Fresh Fabric Softener #6

Clothesline Fresh Fabric Softener is a liquid fabric softener designed to soften and eliminate static cling from laundered fabrics. Reduces the rigidity of fabrics which reduces fiber damage and can prolong fabric life as well as aid in the ironing process by reducing wrinkles. Contains anti-static agents which help to prevent static charge build-up allowing washed fabrics to have a smooth, fluffy feel right out of the dryer. Also leaves laundered fabrics smelling clean and fresh.

## Spartan Clothesline Fresh Laundry Sour #8

Clothesline Fresh Laundry Sour is a liquid laundry sour designed to neutralize the pH of the finished wash to a comfortable level which will not irritate skin. Maintaining proper fiber pH is important, not only for comfort, but will also prolong the life cycle of the washed fabric. Removal of excess alkalinity helps to minimize the graying or yellowing of fabric as well as to reduce fiber stress which can lead to potential fiber damage. When using a high pH laundry product, such as Clothesline Fresh BLD or Laundry Break, use Clothesline Fresh Laundry Sour to neutralize residual alkalinity during the final rinse. Clothesline Fresh Laundry Sour is pH balanced to ensure the fiber pH will not become too low, which can also lead to fiber damage.

## Spartan Clothesline Fresh Sour/Softener #9

Clothesline Fresh Sour/Softener is a combination product which neutralizes the pH of the finished wash to a comfortable level which will not irritate skin as well as softens washed linens. Maintaining proper fiber pH is important, not only for comfort, but will also prolong the life cycle of the washed fabric. Removal of excess alkalinity reduces fiber stress and the potential for fiber damage. Clothesline Fresh Sour/Softener also softens and eliminates static cling from laundered fabrics. pH Level: 2.8 - 3.5.

## Spartan Clothesline Fresh Enzyme Laundry Detergent 11

Clothesline Fresh Enzyme Laundry Detergent is fortified with enzymes and optical brighteners to quickly digest and wash away stubborn stains and soils, while leaving the fabric cleaner and brighter than ever before. The concentrated blend of enzymes gives you the ability to wash at lower water temperatures and with fewer chemicals while showing an increase in stain removal, whiteness, and soil anti-redeposition. The proprietary blend of enzymes allows for the quick removal of many types of stains particularly protein and starch-based stains. Examples of protein stains are blood, egg, grass, dairy products, and bodily fluids. Examples of starch based stains include pasta and fruit stains, sauces, baseball and tennis court red clay.

## Spartan Clothesline Fresh No Dye/No Fragrance Detergent 13

Clothesline Fresh No Dye - No Fragrance Laundry Detergent is enhanced by patented polymeric technology. This technology quickly suspends tough oily and particulate soils to prevent them from redepositing back onto the fabric. Spartan's laundry technology also allows the cleaning surfactants to quickly dissolve in the wash water permitting quicker, more effective cleaning in all temperatures. Does not contain phosphates or nonylphenol ethoxylates, both of which can have a negative environmental impact.

## Spartan Clothesline Fresh Xtreme Oxygen Bleach 15

Clothesline Fresh Xtreme Oxygen Bleach is a 25% hydrogen peroxide based active oxygen bleach. Use to replace Chlorine Bleach in most commercial and institutional laundry applications. Will get your whites white (like chlorine bleach) and keep your colors bright (which chlorine can't do). Overuse will not lead to unsightly yellowing like Chlorine Bleach will tend to do. Will also biodegrade into water and oxygen after use in the wash cycle.
