Low Density Roll

RoVic Bison Linear Low Density Liners

Made with high quality blended resins with a minimum 30% post-consumer waste are an affordable, non nonsense, and environmentally sound choice. These strong, 1 to 2 mil thick bags are well suited for heavy duty applications such as sharp, heavy or irregular waste. Bison bags feature leak resistant star seal bottoms and are packaged in coreless rolls for ease of use and storage. Seamless tubular construction maximizes overall bag integrity. Black.

High Density Roll

PRO-LINK® TuffSkins™ High Density Coreless Roll Liners

The best choice for most common applications, such as office, restroom and paper waste. These liners are extremely strong even with lower gauges, distributing trash weight evenly throughout the bag, virtually guaranteeing no leakage.
