Rubbermaid 1020 Motorized Tilt Truck

- Rugged structural foam tilt trucks are driven by a powerful DC motor, powered by sealed, zero-maintenance batteries.
- Speeds up to 3 mph and two paddle controls.
- Includes key to prevent unwanted operation.
- Ergonomic handle allows for safe continuous use.
- Truck will stay in tilted position for easy loading and unloading, which helps reduce back strain.
- On-board storage for the external charger allows battery to be recharged at any standard 120V wall outlet.
- Easy access to the motor and batteries.
- Up to 5 hours of operation (15 miles) on a single charge.

- Structural foam construction makes these tilt trucks durable and easy to clean.

REX Compactor, Model DA1000

The Model DA1000 - Dining Area Compactor offers any quick service food facility the ability to improve aesthetics in the eating area while reducing costs associated with handling and hauling waste. Managers like it because it keeps employees in the kitchen serving customers during peak times. Customers love it because it promotes a sanitary environment via "touch-less door openers" and elimination of garbage overflows.

- Promote cleanliness
- Save money
- Increase customer satisfaction
